Dear Prof. Univ. Dr. Gelu Onose, Dr. Biol. Constantin Munteanu!

We express our sincere gratitude to the Organizing committee and especially to Dr. Biol. Constantin Munteanu who was the chairman of the International scientific section for excellent organization of the Congress in the pandemic COVID-19 conditions and for the opportunity to present the results of the work of State Institution "Ukrainian Research Institute of Medical Rehabilitation and Resort Therapy of the Ministry of Health of Ukraine" (Odessa) during the Congress. It was a good chance for our researchers to communicate with specialists from different countries and share our experience of clinical usage and research of natural healing resources.

We appreciate similar traditions of our countries in research and clinical usage of mineral waters, peloids (medical muds) and other natural healing resources and hope for future collaboration in this field.

With special consideration,
Director of State Institution

and Resort Therapy of the Ministry
